

# START PAGE

*Links to  
"Backgrounds"  
page.*

*If the user  
clicks on  
this, there  
is a default  
poster that  
shows up.*

*The user  
can just  
print out  
that poster.*

Photo Upload Game

Skip this  
Step

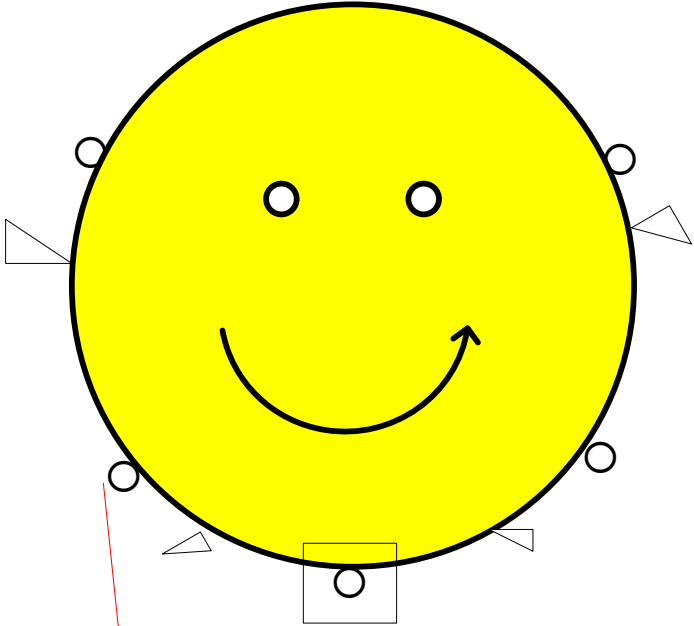

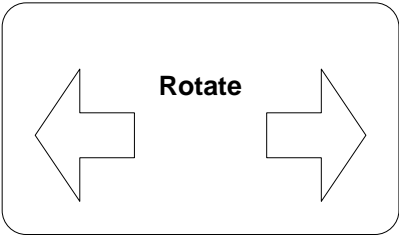

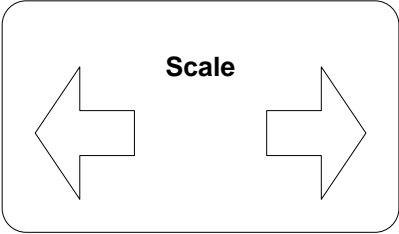

Load  
Your  
Photo

*Opens  
Dialog Box  
to load the  
file.*

LOADING PAGE

**Uploading....**

# EDIT IMAGE PAGE

*The user can change the shape using these tools just like in [jibjab.com](http://jibjab.com)*

# BACKGROUND PAGE

Background 1

Background 2

Background 3

Preview

Next

*When the user clicks on the Background buttons, the poster image shows up in the preview window with the user's uploaded image instead of the character's face.*

*I should be able to place the uploaded face into the these 3 posters where the characters show up. You can just create a sample for me.*

# ENTER NAME AND TAGLINE PAGE

Enter Your Name

Choose Your Tagline

Tagline 1

Tagline 2

Tagline 3

Preview Window

***After entering the name and choosing a Tagline, when the user clicks on PREVIEW button, the Name and Tagline appear somewhere in the poster.***
