

1. WEB SITE -

1.1. Shopping cart image needs to be replacing with a larger one.

1.2. The add to cart button doesn't add products from various browsers. There is an error "chk is not defined" in the existing JavaScript.

1.3. Currency & language has to be replaced by a slogan.

1.4. On shopping cart two price tags need to be displayed

1.4.1. Online price (which is already there) & Retail price (needs to be on the left side – crossed)

1.5. There is product expiry date in the database. Need a warning message 30 days before the products expire (email).

2. WEB SITE FURTHER DEVELOPMENT –Addition of a new home page.

2.1. By clicking **Enter Shop** customer should be navigated to shopping cart home page.

2.2. New to on line shopping button –similar video presentation like Coles site.

2.3. Following links will be as is and replaced with following links

2.3.1. About us

2.3.2.No worries guarantee

2.3.3.Delivery fee.

Calculate freight cost estimate based on weight, post code & delivery time.

2.3.8.Store location.

This page will have

- Address .Phone numbers
- Google map.
- Directions from main roads and public transport
- Open hours. (Subjected to change time to time)

DVD Rental List

This could be a link from home page or shopping cart page.

2.4. Page could look like

Tele dramas

Current tele dramas

 <p>Paba [718 videos] [11100 views]</p>	 <p>Muthu Kirilli [470 videos] [3291 views]</p>	 <p>Sihina Kumari [124 videos] [2919 views]</p>	 <p>Pini Bindu [169 videos] [1803 views]</p>
 <p>Api Api Wage [120 videos] [1796 views]</p>	 <p>Ithin Eeta Passe [225 videos] [1707 views]</p>	 <p>Nanduththara [49 videos] [930 views]</p>	 <p>Adarayata Wes Banda [64 videos] [824 views]</p>
 <p>Hansi [140 videos] [805 views]</p>	 <p>Bogala Sawndiris [32 videos] [103 views]</p>	 <p>Nuwangana [9 videos] [71 views]</p>	

Archived tele dramas

There are two categories .

Current and Completed.

When the customer select the title, the next page should display episodes listed in horizontal grid with check box and add to cart button. This module should run from a separate database (2nd instance of oscommerce template with bit of customization will do this job)
